Thanks to all of U: BOTH Ts and
Fs, Esp. Mr. B. who helps me all.
Solve this: If $x=4E$, find
 $f(x) \cdot M+L+C+L+F+S+T)/x$ and
 $f(x)$ if you can. It says all I want.

On November 16, 1991, the NQHS Volleyball Team capped off a tremendous season with a victory over Dracut at the Division One State Championship. Under the direction of Coach of the Year, Jim Rendle, the members of the team reached a goal that most teams can only dream about. Hard work and dedication were the keys to our success, along with the much appreciated and overwhelming support of the students and faculty of NQ. Whether it be the friendships we made, or the memories that will always be a part of us, our past season is one that no member of the team will ever forget.

*Our days here have come and gone,
but the mark we left will carry on.
These four years came to an end so fast,
but our high school memories
will always last.*

*There were good times and bad,
but don't forget the fun we had.*

*Our experiences together,
will last forever.*

*The laughter was shared
with friends who cared.*

We never let anyone stand in our way.

*We worked together and
succeeded each day.*

*We took it in stride,
Our North Quincy Pride.*

We were one, we stood tall.

*We were North Quincy
and we had it ALL.*
